

Citibank[®] Travel Card

Government Travel Card Expiration Dates

All Citibank government travel charge cards are issued with an expiration date, usually two to three years after issue. Renewed cards will automatically be sent no earlier than 40 calendar days before the expiration date of the current card and no later than 20 calendar days before the expiration date of the current card.

Cardholders must update their GovTrip profiles when their account information changes. Examples of information changes can include: newly reissued card with a new expiration date; a new account number and expiration date due to lost or stolen card; a new account number and expiration date due to unauthorized use of existing card.

If you have not received a new card by the time your existing card expires, contact Citibank at (800) 790-7206 to verify your mailing address.

Once you have activated your new Citibank travel card, contact ARC Travel Services at 304-480-8000 to update your GovTrip profile.
